

COMTREND

WIFI 6 TRAINING

Know what's needed in your essential WiFi 6 deployment.

JULY 27TH

9:00AM CDT & 1:00PM CDT

WHAT YOU'LL LEARN

WiFi 6 is the next generation of wireless networking and offers a way to future-proof your deployments. In this training we will be discussing:

- When you should deploy a WiFi 6 solution.
- The pain points WiFi 6 solves & its limitations.
- The key features you will want to assess when selecting a WiFi 6 solution.
